

Resolution on Data Collection Relating to Financial Management

WHEREAS

Faculty have evidence and knowledge of poor, untimely, and misappropriated financial management of grants, gifts, endowments, student payroll, and other financial resources; and

WHEREAS

A collection of this information would establish a relative scope of the university administration's financial management issues and provide the faculty, staff, and students with a collective picture of sequestered data;

BE IT RESOLVED

The Faculty Senate will send an anonymized data collection survey requesting information from faculty on any experiences, knowledge, or evidence of noncompliant, untimely, non-implemented, unresponsive, or otherwise obstructed financial resources for the effective and lucrative work of the university faculty, staff, and students.
