

Resolution on UFC Data Collection

WHEREAS:

The acceptance by the Board of Trustees of the president's recommendation is having a profound and deep impact on the university with many disciplines in the view of faculty taken below critical mass for accreditation; and

WHEREAS:

Partnership between faculty and Trustees has been greatly helpful to the university and its students, but in recent years has been compromised by the lack of faculty presence at Trustees proceedings and the lack of contact between faculty and Trustees

WHEREAS:

The role of faculty governance in our system of shared governance of bringing transparency to faculty is vital, and the administration and trustees are publicly committed to shared governance

WHEREAS:

Transparency on financial stability and security and on strategy for the development of the university has been in the professional view of faculty severely short of the level needed for effective functioning of the institution

NOW LET IT BE RESOLVED THAT:

The Faculty Senate directs the UFC to conduct an independent and forensic financial analysis of the audited states, form 990 filings and bond disclosures:

LET IT FURTHER BE RESOLVED THAT:

The Faculty Senate directs the UFC to gather information on the profile of those separated from the university and on resources that remain, to help guide the council on development and advancement of the university's curriculum and programs.

LET IT FURTHER BE RESOLVED THAT:

The administration extend its full cooperation in every possible way in these efforts.
